Market news

In the afternoon on Friday, Japan's Nikkei 225 saw a major dip. Eventually, the index **closed down 1.41%**.

Though Russia's Micex index closed down on Friday, its monthly grow appears to be in the green, at **2.93%**.

Among the few indices in the Americas showing growth is Canada's TSX Composite, **up this month 3.63%**.

Wild Card

Tensions in the South China Sea are nothing new. However, China appears to be **poking around** in the region, as the country appears to be overcoming COVID-19's grip.

More Countries Reporting Serious Second Quarter Drops, Suggesting Deep Recession

Earlier in 2020, some of the world's strongest economies, including Germany and Japan, officially dipped into **recession**. Now, months later, the situation only appears to have worsened and deepened, **reaching even more countries**. The **US** has been hit hard, with interest rates now at zero and the Trump Administration taking few actions to contain COVID-19.

Japan's PM Resigns, Markets Bolstered

Prime Minister Shinzo Abe of Japan resigned this past week due to **health reasons**. Abe recently became the **longest sitting prime minister** that the East Asian country has had. And while Abe brought **significant stability** to Japan, the question now remains about whether or not his successor will be able to manage the country's economy as the world continues to ward off COVID-19. Early indicators are showing the **yen strong**, despite the announcement.

Travel For Those With COVID-19 Antibodies

In Brazil, a popular tourist location called Fernando de Noronha (a group of islands) have reopened to tourists. The catch? To go, you [must have already had COVID-19](#). Around the world, and especially in Europe, tourism has begun to slowly reopen. However, worries about [reinfection](#) and new waves are growing. Is the tactic of these Brazilian islands the one to lead us through? Many scientists are [skeptical](#).

India's Future with COVID-19 Not Looking Bright

As SARS-CoV-2 continues to spread in communities around the world, India has lately found itself in an increasingly precarious situation. This past week, India reached a record with the [most reported cases](#) of the virus in one day. Surpassing China, Italy, and Brazil, the South Asian giant is now the country experiencing the [heaviest effects](#) of the virus, from infection to death rates. As the country's [government struggles](#) to help its people, many wonder how serious the situation will get for India's inhabitants and if sufficient action will be taken to combat it.

More Things to Sip On...

- While many Western countries remain in lockdown, flying in China is almost [like it was before](#) the coronavirus outbreak.
- [Racial violence](#) toward Black people by law enforcement in the United States continues.
- What would Donald Trump do if reelected? [Even he seems unsure](#).
